Re: Safety Light Corporation Site
Bloomsburg, Pennsylvania

Dear Mr. Steinmetz:

I am in receipt of your letter dated May 4, 2004 and have been asked to respond.

1. Describe in detail the business relationship between Massachusetts General Hospital and Safety Light,
After extensive inquiry I cannot identify any such business relationship.
2. Did Massachusetts General hospital ever transport and/or broker hazardous substances and/or radioactive waste or other wastes that were disposed of or reclaimed by either US Radium, Lime Ridge Industries, USR Industries, USR Metals Metreal, Isolite to the Site?
We have no disposal records for Sr90. Other sources were brokered by other concerns, none of the identification above.
3. If yes. Answer 3 – not applicable
4. Did Massachusetts General Hospital ever generate radioactive wastes or other wastes that were disposed of or reclaimed by U.S.Radium, Lime Ridge Industries, USR Industries, USR Metals, Metreal, Isolite at the Site?
No such records have been located.
5. If yes to 4, answer: - not applicable
6. If you have reason to believe there may be persons able to provide more detailed or complete responses to any question contained herein:
We know of no such persons.
7. Documents not in our custody, provide names and titles.
We know of no such persons.
8. Any other information.
We know of no such information.
9. If documents are missing or destroyed:
We know of no such documents.

We have made a thorough search of all retained records. The applicator described in this letter appears to be a medical applicator. We currently have three such applicators, which are all Tracerlab models. There are no records of prior applicators or disposal of same.

Please contact me should you have further questions.

Sincerely,
